Resistant plastic box with preformed foam containing pressing tool, 4 sets of inserts type "U" or "RF", or 3 sets of inserts type "TH", battery and charger.

Warranty 1 year.

SIZE	CODE
12-32	91.1032.01

BATTERY PRESSING TOOL WITH JAW

- Interchangeable "U" or "RF" inserts for DN 12, 16, 20, 25 and 32 fittings.
- Battery Ni-Cd 12V 2,0Ah
- Charger 120/240V, 50/60Hz, 60W (charging time: 80 min).
- Linear thrust : 20kN
- Electrical motor: 12V, 293W max.
- Total actual working weight (with clamp and battery included) just 4.3 kg.
- Total length only 38 cm. It can be used in small spaces and with one hand.
- Ideal distribution of the weight, with the centre of gravity in the middle to operate with one hand.
- Automatic piston return.
- Inserts made of hardened special steel in order to withstand heavy load and to increase the lifetime of the tool without wear of the pressing profile.
- Inserts with high dimensional precision machining.
- Individual serial number in the central block of the jaw that allows an accurate tracking of the guarantee.

(*) Remark: The pressing tool AC-FIX PRESS COMPACT can be used to press fittings from other manufacturers. To assemble fittings type TH, we have inserts type TH. Do not hesitate to ask us in order to inform you about the relevant testing or approvals.
